### UNDER SUNNY SKIES.

TWENTY-SEVENTH ANNUAL REGATTA OF THE PAVONIA YACHT CLUB.

AN EIGHT-KNOT BREEZE FOR THE RACES TWEN-TY-SIX YACHTS OUT OF FIFTY-TWO EX-TRIES START-THE RESULTS.

An eight-knot breeze from the westward, smooth sea and a sunny sky were the conditions under which the twenty-seventh annual regatta of the Pavonia Yacht Club was sailed yesterday

Twenty-six yachts out of a total of flifty-two entries started in the various classes, but by far the prettiest race of the day was between Maxie Moore's boat, the Cygnet, and W. B. Growpage's yacht sloop, the Nomad. These yachts were never more than a quarter of a mile apart from the time they crossed the starting line until they dashed between the starting line until they dashed between the starting line until they dashed buoy which marks the shoal of Oyster Island. The

sloop Nomad was the first boat across the line, and as she went over the mark she set her baby libtopsail. The Cygnet followed with a No. 1 libtopsail, which she broke out as she crossed the line. The Princess and the Fordert followed. The Princess and the Fordyth followed in the order named, and the remaining boats in the Mary II, of the cathoats, which closed in on the rear of the entire line, being wily enough to await the beginning of the ebb tide, which began to run skipper for sellor righteousness, for he amply atoned in the after part of the race for this appar- lows:

In the broad reach from Coney Island Point to the finish line, although the Cygnet hal the weather position, she was outsailed by the Normal, which crossed the line in advance of her competitor from the New-York Athletic Club. The Azalea had a walkover in the schooner class, although it was hoped that her old enemy, the Royal, would appear against her. The Princess won in the big cabin sloops, and the Eleas captured the prize in her class by three minutes and thirty-four seconds, Elsworth's Mary II was an eary winner, and the Presto, as usual, had a virtual gift of the first place in her class. The Tempest won a hard-fought race in the twenty-foot cat class, and McGleban's Mavourneen won the trophy in the twenty-foot class subject to remeasurement, while the Chie was the only one of the little fellows that finished. The summaries were as follows:

STAMFORD CLUB CONTESTS. The Stamford Yacht Club held its regatta yester

day off Shippan Point, Stamford, Conn., under the rules of the Yacht Racing Union of Long Island Sound. The starting line was between the committee steamer, the Haleyon, and a red flag-hearing float anchored on a line southeast of Stamford light, about a quarter of a mile away. The course for the first class covered a distance of eighteen miles, that for the second a distance of twelve miles, and that for the third a distance of six miles. were triangular courses, and the wind was southwest, continuing fresh at the beginning of the race, moderate during the middle part of the afternoon, and freshening at the finish, thus lending excitement to the tame finishes that have been acteristic of recent races on the Sound. The first port tack; the second, a run with spanakers to starboard, and the third, a reach, with everything under balloon jibs. There was no seaway to contend against, and the weather was generally delightful for fair-weather sallors, it will be cherrically a served that the actual time of the Gnome, as recorded, was according to the schedule of her fellows in the half-rater class. The usual first day surprise turned up in the defeat of Jack Talmage by Richard Hooker, of the New-Haven Tennis Cuio, wha turned the veteran daws to the tune of 4-5, 7-5, 5-2. Talmage's lack of practice on dirt courts was unbubbedly the cause of his defeat.
